The supply of oil was very irregular

throughout the city last night, and in some

places it went entirely out. Cause not as-

certain.

The Rev. A. Burgess, A. M., Presiding

Elder of Jamestown District, Erie Confer-

ence, died of typhoid fever at his residence

in Randolph, N. J., on the 21st inst. Dur-

ing his pastoral visit to the Methodist

church in this city, he made many warm

friends, who will sincerely mourn his loss.

CUTTING DOWN SALARIES AND WAGES.—A

notice has been issued from the General

R. R. Office, at Pittsburgh, that salaries and

wages would be reduced at Titusville, the

change to take effect on and after the first

of November next. There are at this point,

in the employ of the Great Western

road, seven watchmen, six watchmen

at crossings, one night watchman, thirteen

yard-men, and besides these, several other

clerks, a cashier and freight agent. The

wages of watchmen have been reduced

from \$2.50 a month, to \$2.00 a month, and

yard-men from \$3.00 a month to \$2.50 a

month to \$2.00 a month. This is felt to be a

great hardship by the employees, and

most of them will be compelled to

seek other situations. The cost of

rent and living expenses in Titusville are

twenty per cent. higher than in Buffalo

and Erie. The railroad management, while

feeling the economy of the reduction, is

ministration, should discriminate between a

place like Titusville and other points, as

our situation is peculiar, in respect to high

rents and markets. Messrs. Reynolds and Gil-

man will probably retire. Mr. Boughton

will give up his contract and retain the po-

sition of freight agent.

A CONTRADICTION.—The Oil City Derrick

has been publishing the result of the

pumping of its wells on Church Run; that

other producers will stick to their agree-

ment; that Mr. Abbott's course excites sur-

prise and indignation among the producers,

who claim Mr. Abbott is President of

the Pennsylvania Transportation Company,

and that his resumption of pumping on

Church Run will be construed as an illu-

stration of the desperate straits that the

company is in to keep the wells

operating.

Mr. Henry Harley, the President

of the Pennsylvania

Transportation Company

"Interviewed" in Respect to

the Charges in the Pittsburgh

Press.

Mr. Henry Harley, President of the Pen-

sylvania Transportation Company, was to-

day interviewed by one of our reporters in

regard to the alleged shortage of oil in the

line between Erie and Titusville.

Mr. Harley received our reporter very

kindly, and expressed himself as willing

to give any information in regard to

the affairs of the company consistent

with his official duties and position. The

subject of the transportation which en-

ded was about as follows:

Reporter—Have you read the article in

the Pittsburgh Gazette, alleging that your

company is 300,000 barrels of oil short?

Mr. Harley—(With a laugh)—Yes, sir.

Reporter—What is the truth in regard to

the matter?

Mr. Harley—It is entirely false, and any

one who knows anything about the business

of the Pennsylvania Transportation Com-

pany would at once see that such a state-

ment of affairs would be simply impossible.

Reporter—Why impossible?

Mr. Harley—Because we have never had

any such amount of oil in our hands, and

we are not disposed to do so. The amount

of oil we have in our hands is not more

than 100,000 barrels.

Reporter—What is the amount of certifi-

cates you have now issued upon upper rock

oil?

Mr. H.—Not to exceed forty thousand

(40,000) barrels.

Reporter—Have you the oil on hand to

fill these orders?

Mr. H.—I am not sure, but I will find

out about that in a few days.

Reporter—How is the company situated at

other points?

Mr. H.—(Getting tired and apparently im-

patient at this system of cross-questioning)

—We are all right. The company is in a

position to meet all its obligations. I will

show you all information that will do any one

good; but none of the patrons of the line

believe any such absurd stories as the press

of Oil City and the lower Allegheny are cir-

culating, and I have other matters to at-

tend to, so I must ask you to excuse me.
